

Amendments to the Specification

Page 1: After the title, insert the following:

-- This application is a 371 national phase application of PCT/JP03/03793 filed on 27 March 2003, claiming priority to JP 2002-97705, filed on 29 March 2002, the contents of which are incorporated herein by reference in their entirety. --

Page 1, line 6: Replace this paragraph with the following amended paragraph:

~~The present invention relates to transparent impact resistant thermoplastic resin compositions. More specifically, the~~ The invention pertains to resin compositions imparted with impact resistance without impairing excellent heat resistance and dynamic properties inherent to a syndiotactic aromatic vinyl polymer and having excellent balance among rigidity, heat resistance, impact resistance and workability. The resin compositions of the invention are suited for use in a variety of applications such as automobile parts and parts for various electronic devices.
